COURSEWORK

UNDERGRADUATE

Data Structures and Algorithm

Python Programming

Object Oriented Programming

Core Java and Advance Java

Database Management System

SKILLS

Soft Skills :

Communication

Time Management

Leadership

Teamwork Skill

ACTIVITIES AND LEADERSHIP

ROBOTICS CLUB (DRAIC) | TEAM MEMBER | Pune

- Managed Events of Technical Fest Inertia.
- Participated in The Technoxian World Robotics Championship.

ENTICERS CLUB | President | Pune

- Managed all Technical as well as Non-Technical Events of Department .

CODING CLUB | Team Member | Pune

- Managed all Technical Events of Department .

TECHNICAL SKILLS

Programming Languages :

Procedural Language

: C Programming

Object Oriented Programming

: C++ Programming

Virtual Machine Based Programming : Java and Python Programming

PROJECTS

Customized Virtual File System

Technology : C Programming

Description :

- This project provides all functionality to the user which is same as Linux File System .
- Skills It provides necessary commands, system calls implementations of file system and the necessary data structures of file system through customized shell.

Customized Database Management System

Technology : Java Programming

Description :

- This project provides emulation of all the facilities and functionalities provided by the Database Management System.
- Each query gets handled explicitly with all constraints and aggregate functions.
- We provide our own customized shell to interact with the customized Database Management System.

File Packer Unpacker with encryption

Technology : Java Programming

Description :

- This project provides facility of packing and unpacking the regular files.
- To maintain the security of the data we provide encryption and decryption techniques.
- We provide graphical user interface to interact with the Application.
